About Me:

I am Sara-Elizabeth Clark, I am 14 years old and since 2006 I have been advocating for myself and others whose lives have been touched by epilepsy. My mission is to break the stigmas that surround epilepsy by educating others directly or indirectly by my grassroots efforts. My community service work is outlined below by event date, but what is not listed below is the hundreds of hours spent preparing for the events in the months prior to the event dates.

Community Service:
